A good many local Republicans are of the opinion that it is a very unwise move on the part of President Roosevelt to interfere in local politics.

The Union Mercantile Co. have been closed the last day or two for the purpose of taking stock. They are now prepared to do business right again for another year.

The recent change in the railroad time card makes it very inconvenient for passengers bound north on account of the long lay over at Cache Junction.

Jerry Baker and Chaisten Sorenson were in town from Mendon Saturday. They report every thing lovely at Mendon. No sickness no poverty and every body happy.

Jos. Hardman was over from Mendon Saturday. The Mendon Republicans are unanimous in the opinion that the election contest case should be appealed to the Supreme Court.

The milk dealers in Ogden have formed a trust. Heretofore milk has been sold there for five cents per quart. From now on the price will be 7 1/2 cents per quart or 25 cents per gallon wholesale.

It was expected that Corianton would be put on at the opera house for two evenings this week but the company will not be able to reach Logan until sometime next week. The exact date is not yet announced.

James H. Martineau father of L. R. Martineau, is up from Mexico. He reports the Mexican settlements all progressing and prosperous. Mr. Martineau expects to remain here for some time visiting with his children and old time friends.

At the Presbyterian church Friday evening the Ladies' Missionary Society held a public meeting, at which papers were read by Mrs. Madison, Miss Raymond and Miss Elliott. After the meeting a very pleasant social time was enjoyed. Refreshments were served, and delightful music furnished by Dr. Cochran, a guest of Mrs. Stoops.

The church Sunday school board offered a prize of ten bound volumes of the Juvenile Instructor to the Stakes remitting 100 per cent. of this year's nickel donation based on the total enrollment of the Sunday schools as shown in the reports of Dec. 31, 1901. Twenty-one Stakes won the prize, but neither the Cache nor Hyrum Stakes appear in the list of winners.

Suit has been filed in the District Court against D. H. Davis and Thomas Rose to recover \$400. due on a bond given by the gentlemen named to secure the presence of S. M. Wells in court when wanted. Wells was arrested last October and was released on bonds and immediately disappeared leaving his bondsmen to settle with the court as best they could. Hence the suit.

Notwithstanding the fact that we produced last year more iron and steel than half of the world yet we are unable to supply the local demand. In December alone 100,000 tons of foreign iron and steel were brought into the country through the ports of New York, Baltimore and Philadelphia. During the month nearly 125,000 tons of iron ore, iron pyrites and manganese ores were imported here.

Along about the middle of September the west precinct of Lewiston petitioned the county commissioners to separate them from the Lewiston road district and give them a separate organization. For some reason the commissioners failed to act upon this petition until just before going out of office then they granted the petition and notwithstanding the fact that the district is nearly two to one Republican they appointed two Democrats as justice and constable.

D. B. Lamoreaux came down from Trenton Saturday to attend the funeral of his son-in-law Mr. George Robinson. Mr. Lamoreaux says there has been considerable sickness in Trenton of late.

The people of Trenton, are desirous that the county commissioners put in some one to look after the interests of Trenton's roads instead of looking after Smithfield and other out of town districts. This from a resident of Trenton.

The city of Detroit is going into the coal business and proposes to open a coal yard to be wholly under municipal control. They propose putting \$50,000 into the business. The object is to supply the city with coal at a moderate price.

In Justice Smith's court Saturday afternoon, judgment was rendered against Dr. Carl Moech in favor of Mr. Jeppeson. The sum involved amounted to \$13, and was for music furnished by Jeppeson's orchestra at a reception at the dormitory more than a year ago.

Petitions are being circulated about town asking the directors of the Logan Irrigation district to take steps to disorganize the company. There seems to be considerable dissatisfaction in Logan growing out of conditions in connection with the Benson and West Field parts of the districts and the intention now is to cut loose from them and let them have a district of their own.

News from Millville is to the effect that everything is bright and prospering there. Health is generally good and the people are grateful and happy. A new jail is under course of construction. One of the things most potent in this movement is the fact that recently a crowd from Hyrum came down and proceeded to run a dance. Because the Millville people had no where to put them they escaped arrest. This difficulty, however, will be obviated by the new jail now being built. When Hyrumites come down to take possession of a dance, they will give them lodging in this new building. So says our Millville informant.

Mrs. Lovina Card entertained a number of her friends Friday evening in honor of Aunt Zina Card who was here from Canada. A very excellent luncheon was served and the evening was spent in singing, playing games and in having a general good old fashioned time. Among those present were Bp. Anthon Anderson and wife, Melvin Ballard and wife, Mr. and Mrs. Ballintyne, Joel Ricks and wife, Louis S. Cardon and wife, Henry Ballard and wife, Mrs. Julia Nibley, Mrs. Wood, Prest. C. O. Card, Mrs. Sarah Card, Bp. Wm. Hyde and Joseph Card. Aunt Zina left for Cardston Saturday evening. President Card will spend the winter in Logan.

In compliance with the city ordinance, L. R. Martineau has had a team working for the past ten days on his sidewalks east of the Deseret Mills. Mr. Martineau has built a good substantial walk a distance of a quarter of a mile, placing a heavy layer of gravel at the bottom and covering it with a coat of sand and clay. When packed this will make a first-class walk. This is commendable. The road supervisor should rigidly enforce the law on building and repairing sidewalks with every property owner in this city, as we understand the acquiring of free delivery partially depends on the condition of our sidewalks.

A great big double fisted son of Norway that evidently had not been in Utah very long, called at the depot Saturday evening and when he managed to attract Agent Woodside's attention for a minute said, "I thank I take a ticket for Fremont county."

"I can't sell you a ticket to Fremont."

"I thank you can. Olof he say you can an' Olof he no. 'Who's Olof?'"

"Olof he my brother he live in Fremont county."

Woodside looked up the geography of Fremont county and sold him a ticket to Rexburg and sent him on his way rejoicing.

J. W. Crawford treated all of his employees to a dinner at the Thomas & Gallacher restaurant Sunday.

Prof. Moench of Ogden was a caller today. Mr. Moench has been spending a few days in town visiting his children who are attending school here.

The reported finding an active volcano down towards Moab in Grand county should be accepted with due allowance. When the old world gets to spitting out smoke and fire down that way every one in 100 miles will know it.

A Washington dispatch says: Senator and Mrs. Kearns and Hon. Perry S. Heath and Mrs. Heath attended the diplomatic reception the other evening which proved to be one of the most brilliant receptions of the Roosevelt regime.

San Francisco, Cal., Jan. 9.—The Pacific cable has already become an important factor in commercial life. Heretofore the ordering by Honolulu merchants of perishable goods was of necessity made by mail when a steamer left that port. Merchants were thus compelled to rate their orders for a future delivery of about seventeen days. Now orders are cabled here on the day a vessel is scheduled to sail for the Islands.

Tom Clegg an old time resident of Logan is down from Basalt Idaho visiting friends for a few days. He says everyone in the Snake River country is talking sugar factory. It was thought at first that Blackfoot would secure the plum but it looks now like Idaho Falls would get it. Clegg says himself, and several citizens of Basalt held a meeting the other day and decided that Hansen should locate his factory at Basalt, they fixed up the whole scheme all that is lacking is to make Hansen see the same way.

The Collinston people are somewhat agitated over the change of railroad matters in their locality owing to the new sugar factory being built at Garland, a branch line has been partially built to this point starting from the main line south of Collinston. It is expected this branch line will continue up to Malad City. When this road is completed it is evident that Collinston will be materially effected as it is now the transferring point of all freights both in and out of all the west side and north end of Malad valley, which is a large amount.

Knute Erickson, the Swedish-American comedian, will be at the Thatcher Opera House on Wednesday eve using this season a new play, "The Man from Sweden," from the pen of Chas. Newman. This attraction is heralded as one of the best comedy drama productions of the year and Managers Broadhurst & Currie have spared no expense in the matter of care, scenic equipment and costumes. Mr. Erickson, who portrays the role of Carl Anderson is without an equal as a Swedish dialect comedian and in several scenes with which he has been supplied, gives ample promise of distinguishing himself in other lines. He has been surrounded by an excellent supporting company, among whom are Hector Dion, Chas. Malles, Fred L. Powers, W. S. Cetti, Mark Thomson, Haary Leddy, Fred Beichert, Wm. Wallace. The Novelty Comedy Four, Marie Steers, Lillian Mayard, Sophie Howell and Little Beatrice.

Catching Fish With Mirrors.

In France a novel method of catching fish is being tested by anglers. A tiny mirror is attached to the line near the baited hook. The assumption is that a fish, when it sees itself in the mirror, will conclude that some other fish is trying to carry off the bait, and will make haste to secure the tempting morsel for itself, the result being that it will speedily be caught on the relentless hook. From experiments which have been made there seems to be some foundation for this assumption. At any rate, some anglers say that they catch more fish when they use the little mirror than they ever caught before.
